Dear Kili:

I am pleased to offer this letter of recommendation to you and High Altitude Dreams because of the outstanding customer service I have received while on expeditions organized by you and your staff.

My three expeditions with you have been great. Your attention to detail and problem solving is second to none. Things don't always happen as planned when you are so far away from home. With your company my problems became your problems and were handled quickly and professionally. I not only highly recommend you to other trekkers and mountaineers; I plan to use your services again on my next expedition in the spring.

Warmest regards,

Ron Sanga
